VOL. IX, No. 40  
July 9, 1979

## A NOTE FROM TRAVELWORLD

Now that we have begun to work with the Gallaudet community, the agents at Travelworld, Inc., want to maintain a close contact with its members and improve service. It is unfortunate that we started our operations in the middle of one of the biggest strikes in airline history complicated by the DC-10 crash and airline discount coupons, which are filling the limited seats available to business travelers.

We can only promise that the situation will improve. To cope with these problems we have added additional staff members to handle only the Gallaudet account. Ellen and Carlene have begun working with us and will be at a reception to be held on campus this September. Ellen is an experienced agent who will be enrolled in sign classes at Gallaudet this fall. She will be staffing the Travel Desk on campus along with Carlene Thumann, a senior at Gallaudet. Carlene worked at the Travel Desk in Cogswell Hall this past year and has done such a good job that we hired her full time for the summer and began training her as an agent. She will continue to work with us during the school year on a part-time basis. Carlene has also "trained" us in many ways. We are now becoming better on the TTY and more sensitive to the needs of the deaf traveler. Carlene, who was formerly the editor of the Buff and Blue, will also help with our newsletter which will come out in the fall. We are very excited about our project at Gallaudet and apologize for any inconvenience caused by our start-up problems. Travelers are invited to call us if there are complaints or helpful suggestions, we want to do the best job possible for our new friends. We also wish to thank the staff and students for supporting us and for making these projects possible.

\*\*\*Until the permanent travel desk is

## TRAVELWORLD (CONT.)

established on campus Travelworld will visit Cogswell every Thursday night during the months of July and August.

## GASLINE ENERGY TIPS FROM JIM HULL

How many times have you driven to a store that was closed or out of what you wanted... or to the house of a friend who wasn't home? A quick telephone call in advance could have saved you a lot of gas and a lot of money. So the next time you pick up your keys and head for the door, ask yourself whether a phone call could save you the trip and the wasted gas.

For a free booklet with more energy saving ideas, write Energy, Box 62, Oak Ridge, Tennessee, 37830.

ENERGY- we can't afford to waste it!

## UPDATE--"CLOSED CAPTIONING FOR TELEVISION"

The May 7th issue of OTG announced a brochure that was distributed on campus entitled "Closed Captioning for Television." The brochure included a post card for readers to fill out and return to the National Captioning Institute (NCI) via the Office of Alumni and Public Relations. The NCI recently informed us that as of June, 1979, approximately 20,000 responses had been returned to them. They are encouraged by the returns, but more are needed if the Project is to be successful. Those who have not yet returned this post card are asked to do so. If you should need additional brochures stop by the Office of Alumni and Public Relations.

## FYI

What do you get when you remove the "o" from gasoline???

#### FIRECRACKER 5,000 RESULTS

The MSSD Summer Recreation Program and Gino's Restaurants sponsored a 5,000 meter (3 mile) race on July 2nd at the Greenbelt Lake, Greenbelt, Maryland. A total of 73 participants registered for the two races. Below are the names of the winners:

NOVICE RACE	TIME
MALE - Bob Westermann	21.52 minutes
FEMALE- Carrie Ash	26.49 minutes
PRO RACE	

MALE - Greg Warren	16.58 minutes
FEMALE- Heather Gibson	22.13 minutes

\*\*MSSD's cross country coach, Steve Heffley showed his stuff by finishing 6th and setting an impressive example for his team.

#### NEWS FROM THE NATIONAL ACADEMY

"Genetic and Environmental Hearing Loss: Syndromic and Non-Syndromic," a symposium sponsored by the National Academy was held in conjunction with the 1979 National Foundation/March of Dimes Birth Defects Conference, Sunday, June 24, in Chicago. The program was developed by Connie Knight of the Academy and Dr. Stefan Levin of the Department of Otolaryngology, the Johns Hopkins Hospital. More than 250 physicians, dentists and audiologists attended the symposium which was approved for 4½ credit hours toward the Physician's Recognition Award of the American Medical Association.

One of the functions of the new National Academy is continuing education for doctors and other professionals. Faculty and staff who have suggestions for professional training activities are invited to contact Connie Knight, ext. 475.

ON THE GREEN is published each week by the Office of Alumni and Public Relations for the faculty and staff of Gallaudet College.
